The Honorable Jennie M. Forehand
Senate of Maryland
James Senate Office Building
Room 223
11 Bladen Street
Annapolis, MD 21401

Dear Senator Forehand:

I am writing to follow up with you on the status of the new Rockville District Court. I have discussed the issue with Governor O'Malley and he has asked me to advise you of his continued commitment to funding construction of the new Court at the current site, as planned in the FY 2009 capital budget. However, should the legislative delegation and local leadership come to a consensus agreement that an alternative site should be pursued, the Governor would certainly be supportive of such a decision. Regardless of the determination of the project site, Governor O'Malley and the Department of Budget and Management will work with local stakeholders to ensure that the project continues to move forward.

Thank you for keeping the Administration informed of the discussions concerning the location of the new Court. I look forward to working with you in the coming months as the project progresses.

Sincerely,
